DAV ..the name which you all have adorned through the years with your love affection, and dedication and diligence is at this standard that it has become a brand acknowledged as the quality, in the arena of education. DAV which has reserved it’s culture of sacrifice and selfless service if mankind following the rich ideology of Dayanand Saraswati since it’s inception is able to fulfil it’s mission.

My dear parents and children it's your love, good wishes, sincerity and hard work that this school has reached to its 8th year of existence. During this journey, even though, we have achieved and covered the milestones but still we have to cover a long distance which I look through the eyes of my children. And, I believe that the flowers in the garden always create a ripple of happiness and so like the school has been enjoying the privilege of dedicated staff members, diligent students, devoted parents and due blessings of the almighty.

I would like to open the trousseau before you all which has all kinds of achievement recorded for your appraisal. We have tried to change the orthodox meaning of Education from teaching and learning to "*skilled and social*", which goes with "*academics and adventure*". I deem it's vital to enforce this approach of school for the holistic development of children. My Team DAV not only motivates the child towards Academics but also towards other adventures.

Following the *Universal Declaration of Human Rights* (article 26 paragraph 2)

"Education shall be directed to the full development of the human personality and to the strengthening of respect for human rights and human freedoms".

Today there is urgent need for positive social change and we need to create a better world. Many of our social and political problems originate when human development is inhibited with the resulting lack of intelligence as 'creative intelligence'. Personal inner conflicts and fears result in irrational thought which translates into adaptive and destructive behaviour. Resolution of our human problems depends on freedom from inner conflicts and fears - 'inner freedom' - and subsequent openness of mind and cultivation of intelligence. Consequently the intelligent resolution of our human problems depends on our ability to set ourselves free and open our minds. This depends on education which opens the mind and cultivates human intelligence. We must stop conditioning children for imperfection. We must stop trying to educate them to be what we would like them to be. Here I would like to give voice to the hearts of my children, in words of Charles Dickens (*Great Expectations*)

“I must be taken as I have been made. The success is not mine, the failure is not mine, but the two together make me.”

We must trust them to trust themselves. We must trust them to trust their own needs to develop their human personality and potential. We must provide the right conditions and allow them to grow up to be who they really are - spiritual beings with the natural right to become integrated, intelligent, ethical and therefore mature, responsible and civilized adults able to cooperate peacefully and effectively in their efforts to resolve their human problems. In effect, we must provide universal education for complete human development or 'holistic education'.

Before, I take you to the pasture of achievements of my beloved children. I would like to convey that

**“Though there is Gold up in the mountains
Lonely pearls deep in the sea,
Those treasures do not mean as
much as my beloved students mean to me.”**

If today I am here before you all it is all because of my Children's craze for the school and carving for knowledge and TEAM DAV has just guided the path. Here, I begin the account of achievements from the altar of academics.

We are very happy for being CBSE AFFILIATED for secondary school. We would like to express our sincere thanks to all our parents and well wishers for their constant support for our endeavours to ensure quality education for our students. We believe that excellence in academics is the hall mark of our school.

Apart from this a number of activities are conducted round the year by different clubs and departments of the school. Eachof these activities has a social cause and noble purpose. This is to develop our children as per the need of the tomorrow. These sorts of activities would inculcate values like Patriotism, fraternity, integrity and foremost Discipline. Apart from CBSE curriculum school has always motivated its stake holders to participate in all programmes and competitions with full vigour. CBSE ,in order to pay its tribute to the worthy sons of mother India including freedom fighters ,social reformers , scientists and eminent personalities, like Mahatma Gandhi, Shri Jaya Prakash Narayan, Dr. A.P.J Abdul Kalam, Maulana Abdul Kalam Azad, & Pandit Madan Mohan Malviya, organised online Essay, drawing & Poem writing Competitions under Title” *HAR GHAR TIRANGA*” in which our students participated with full enthusiasm.

A RANGOLI COMPETITION was organised in the school on the occasion of Diwali & Republic Day among Students & Mother’s respectively.

Observations

In order to spread awareness we observed the important days with skit, drama, role play, etc. and also observe the birth anniversaries of the noble souls of India to keep abreast our children with the glorious past.

Some of them are Vanmahotsav, World Literacy Day, World Environment Day, Anti-Corruption Day, Vigilance Awareness Week, World AIDS Day, World Population Day, Human Rights Day, and many more. Different literary activities were organised on these days among different groups of Children to inculcate spirit of participation in them.

Homage is paid to brave soldiers who sacrificed their lives of the sake of the country on "Vijay Diwas".

Students also celebrated the 'Constitution Day' on 26 Nov by taking Pledge and reciting the Preamble.

In addition to this, we observe all National observation days such as Independence Day, Republic Day, Teachers' Day, Gandhi Jayanti, Children's Day, etc.

We also observed UtkalDiwas, UtkalmaniJayanti, MadhubabuJayanti and FakirmohanJayanti exhibiting our pride as the people of Odisha.

Mahatma Hansraj Day was observed by the students and staff where all participated in a Havan.

During National Book Week, Department of English & School Library jointly organised a literary competitions.

Hindi Pakhwada was observed by the Department of Hindi where Children were motivated to recite their self composed Hindi poems in the assembly.

Rashtriya Ekta Diwas was observed by children of this School with a Oath of Unity.

Apart from the guidelines of CBSE, we have tried our best in making our teachers adept to the rising needs of the students. Teachers Students and Parents are the three sides of the Educational triangle and the balance among the three can only provide an equilateral triangular i.e all around progress of the child.

Teachers who are all time collecting the scholastic and co-scholastic achievements, too, have to grow themselves to match the intelligence and charm in the valley of Education. For so ,teachers were subjected to 05 Days Capacity Building Programme, in two phases organised by DAV RTC under banner “Performance Enhancement Programmes “ organised by Regional Directorate Odisha Zone 1 during vacations so that the Teachers could groom themselves before the beginning of the new season in the valley.

Philanthropic Activities

The school made all necessary arrangements to Screen Prime Ministers “Pariksha pe charcha”before Children and Staff respectively.

Going by the directives of the CBSE School also organised “Mass Yoga”taking all children to its fold on INTERNATIONAL YOGA DAY.

I would like to conclude this report by extending our sincere thanks and heartfelt gratitude to all concern directly or indirectly involved without whose help we would not have been in a position to maintain high standard of Education to produce a confident and capable batch of student each year.

Team DAV takes this opportunity to commit itself to do its best to serve this state, and Nation in large, through quality education.

We seek the blessing from the almighty to help and guide us in future in the right direction.

I close with greetings for Charismatic Christmas and Happy New Year 2023.
