ANNUAL REPORT-2019-2020

“May be there is a road ahead of it, May be there is a new world down the road,

Walking forth is the only plight, Because we didn't come this far to come this far only”

A soul filled with thought to serve the humanity and carry the mission of “VASUDEVA KUTUMBAKAM” is all that we knew since the very existence of the school and that's what thrusts our ambition of marching forward till excellence is achieved in all our endeavours.

This report is a reflection of the achievements made during the year gone by and at the same time set the path for greater accomplishments in the years to come.

1. As a regular practice followed every year, this session began with the Orientation Programme organised by the Regional Directorate Odisha Zone 1. The teachers from the school participated in the programme to develop their competency levels in order to give the best to the children during the Teaching Learning Transactions.
2. The students , & their Parents of, classes I were given a formal welcome to the school with “PRAVESH UTSAV” followed by mass Havan instilling importance of Moral values in Vedic culture and in the process of teaching and learning. The programme made the parents aware of the scheme of education we impart here at our school.
3. We had been trying since inception to go digital in all endeavours to have a hassle free system for fee collection. Keeping ourselves up with the pace of the modern world, Complete Digitization of the school was undertaken which transformed the entire school chores channel through the Information Technology, bringing in more transparency and enhanced communication with parents and community.
4. As a new endeavour, we took a giant leap in the examination procedure this year by replacing the conventional regime of manually prepared

Reports-cards by the teachers with Computer Generated Report-Cards. This transformation minimized the efforts of the teachers to manually fill in the Report-Cards all by themselves.

5. Making our students technically update is need of the hour and with the same idea, we set up a new Computer lab with twenty new systems.
6. To take part is what counts in competition and lessons of victory and defeat are what we get in return. This environment was sufficiently created through inter-school, inter-house and motivating children in different intramural competitions outside school. Our school bagged many a prizes in Debate, Dance, Quiz & Music competitions organised by Block and state authorities.
7. We have been preparing ourselves to get affiliated with CBSE. Our efforts are on and hopefully we will be applying next year.

I before the fall of the curtain thank all the parents and children of this school for their unconditional support and trust towards us and I assure my Team will strive hard to reach to your expectations

Thank you.
